## PROF. SNYDER HAS BEEN RE ENGAGED

SEVEN TEACHERS OF THE SOUTH  
SIDE SCHOOLS TENDER  
RESIGNATION.

## SEVERAL NEW TEACHERS ENGAGED

Four New Teachers Have Already  
Been Engaged by Board of Educa-  
tion—Three Vacancies.

Prof. Snyder, superintendent of the south side school, has been re-engaged to direct the work for the coming year, which is Mr. Snyder's fifth term as superintendent, and is a recognition of his care and ability in handling the affairs of the school.

The board of education has accepted the resignations of Misses Cramer, Mertz, Mosely and Henderson from the high school and Misses Grace Smith, Ada Shippert and Mable Kay from the grades. Four of the vacancies have been filled by the engagement of Miss Bess Pankhurst of Grand Detour, Miss Ina E. Young of Walnut, Miss Freyda Foerster of Crystal Lake and Earl Homrich of Plattfield, Wis.

Miss Pankhurst is to have charge of the first primary grade in the Truman school, while Misses Young and Foerster, each of whom is a graduate of Northwestern university, are to have the history and German classes respectively. Mr. Homrich, who is also a highly educated and proficient pedagogue, will have the sciences. All of the old teachers have been re-engaged except those who resigned, and the board has three vacancies to fill.

## CONG. J. C. M'KENZIE IN SPLENDID ADDRESS

MADE MEMORIAL ADDRESS AT  
SUGAR GROVE CHURCH  
YESTERDAY.

Sugar Grove church was crowded to capacity yesterday afternoon, the occasion being the annual Memorial exercises for Palmyra's soldier and sailor dead. The address of the day was by Hon. John C. McKenzie, congressman from this district, and his talk was a strong and eloquent eulogy of the patriotism of the men who fought for the country in the '60's. Harvey Senneff presided during the exercises, and a feature of the afternoon was the presentation of a large flag to the Sugar Grove school by the Dixon W. R. C. Mrs. Frank Pierce making the presentation speech. Mrs. Chas. Russell, teacher of the school, responded and six girls gave the flag salute.

## MISS MARY O'MALLEY DIED THIS MORNING

BELOVED YOUNG LADY CALLED  
TO REST—FUNERAL WED-  
NESDAY MORNING.

Miss Mary O'Malley of 711 Madison avenue, passed away at the Dixon hospital at 9 o'clock this morning after a long illness. The funeral will be held Wednesday at 9:30 a. m. at her home and at 10 o'clock at St. Patrick's church, with burial at Oakwood. Friends are asked to omit flowers. Miss O'Malley, who was a niece of Mrs. Hannah O'Malley of Madison avenue and Peter O'Malley of Peoria avenue, was a lovable young lady and many friends will unite in mourning her passing.

## RAIN PREVENTS WORK.

The rain of today prevented the pouring of the first asphalt on the paving around the court house. However, the manufacturer's expert arrived in the city with the melting tank and other apparatus and the work will be started tomorrow if the weather is favorable.

## LEAVES FOR THE WEST.

George P. binson left this morning for Big Sandy, Mont., where he and a friend will conduct a moving picture show.

## RE-DECORATE INTERIOR.

The O. K. barber shop is in the hands of decorators.

## PROGRESSIVES TO CONTROLL JUDGESHIP

PROGRESSIVE SAYS REPUBLICANS  
WILL HAVE BUT 14 ELEC-  
TION JUDGES IN LEE.

According to the figures of H. L. Fordham, prominent progressive in this city, the progressives and democrats will control the judge and clerkships on the election boards at the next election. Mr. Fordham's figures show that, according to law, the supervisors at their meeting in June will have to appoint 43 progressive judges of election, 30 democratic and only 14 republican, using the last vote on governor as a basis for computation. Difficulty may be experienced in Nelson, where Gov. Deenen got 24 votes, Dunne 45 and Funk 45. The tie may make difficulty in selecting the minority judge.

## PAWPAW MAN KILLED IN MENDOTA SATURDAY

POP CHARGING MACHINE BLEW  
UP WITH FATAL  
RESULTS.

William Bryant, the son of B. F. Bryant of Pawpaw, himself a former Pawpaw young man, was instantly killed at his store in Mendota Saturday afternoon when a pop-charging machine, at which he was working, exploded.

Since his marriage last fall to Miss Hazel Constable of Pawpaw, the unfortunate man had been engaged in the pop and ice cream manufacturing business with Earl Davis in Mendota. Saturday while charging some pop with carbonic gas the machine blew up and young Bryant was struck about the head and body with pieces of iron, the injuries proving fatal.

Mr. Bryant was an exceedingly well liked young man and had many friends in Pawpaw and vicinity and in Mendota, where he had resided recently. His tragic death, therefore, is a shock to his parents, his friends and his bride of a few months.

## 36 DEAD, 50 HURT IN PIER COLLAPSE

MAJORITY OF VICTIMS IN LOS  
ANGELES RESORT DISASTER  
ARE WOMEN.

## 7,000 ARE IN A PANIC

Hundreds of People Plunged Upon  
Heads of Those on Lower Deck  
of Structure—All Fall  
25 Feet.

Long Beach, Cal., May 26.—While 10,000 persons were assembled on the land end of the big doubled decked municipal pier in front of the city auditorium in attendance on the celebration of British Empire day that structure suddenly collapsed with awful results.

Hundreds of persons were plunged down on the heads of other hundreds crowded on the second deck. The lower deck then gave way, and all were dropped down a chute of shattered woodwork to the tide washed sands twenty-five feet below.

Thirty-six persons—mostly women—were killed by the shivered timbers, impaled on big splinters or crushed to death by the falling bodies of companions and friends. Fifty more were seriously injured, while hysteria and paralyzing fright disabled score of others.

The platform crumbled without warning like a paper box and in an other moment there was a writhing mass of humanity crushed beneath the tons of splintered lumber. A panic among the other 7,000 spectators followed and in the wild rush of safety many persons were trampled on and seriously injured.

List of the Dead.

Following is a list of dead issued by the Long Beach police:

Mrs. August Bartz, Long Beach; Virgin Bayles, four years old, Long Beach; Thomas Beck, Long Beach; David Scott Black, ten years old, Glendale; Mrs. Martha J. Burnett, Long Beach; Mrs. Isabelle Bush, Long Beach; Mrs. George Chafar, Los Angeles; Mrs. Sarah Jane Cheshire, Los Angeles; Mrs. Richard George Dowel, Pasadena; Mrs. Anne L. Eales, Los Angeles; George Ernest Eales, Los Angeles; Mrs. Mollie Gates, Sierra Madre; Mrs. Arthur Helps, Long Beach; Mrs. A. K. Hill, Orange; Mrs. D. S. Holme, (Denver) staying at Long Beach; Mrs. Ida Ingraham, Pasadena; Mrs. C. H. Lawrence, Los Angeles; Mrs. Warren Lott, Long Beach; Dorothy Lett, sixteen years old, Long Beach; Harry Lett, seven years old, Long Beach; Miss Anna Longfellow, Pasadena; Mrs. Frank Matthews, Los Angeles; Mrs. M. P. McDonald, Compton; Mrs. Fannie Pace McGhee, Long Beach; Mrs. D. N. McSparron, Long Beach; Mrs. Francis Harriett Newell, Kenosha, Wis.; Mrs. James Nichol, Long Beach; Mrs. Emma Prigmore, Long Beach; Mrs. W. J. Richardson, Orange; Mrs. Frank Shaw, Los Angeles; Miss Anna Stone, Long Beach; Mrs. D. S. Thomas, Long Beach; Mrs. E. C. Valentine, Long Beach; Mrs. D. E. Wallace, Long Beach; Mrs. James Wyvel, Casa Verdugo; Ethel Wyvel, Casa Verdugo; Mrs. Margaret Reed, of Long Beach, is dying tonight at the Long Beach sanitarium.

A thousand or more persons had crowded into the building close to the stage and officers of the various celebration committees and English societies, which had participated in a parade, had just ascended the rostrum when the crash came.

Work of Rescue Slow.

Shrieks and cries from the spectators inside started a rush to see by those outside the building. For some time all efforts at rescue were futile. The curious people were jammed so closely about the dead and injured under the pier that the police could not get to those who needed succor, and flying wedges were organized.

When the Los Angeles officers arrived a cordon was thrown about the scene of the disaster and held off the great throng.

A section of the auditorium which went down in the crash and the debris from it was added to the wreckage that fell on top of the injured and the dead.

The victims were subjects or former subjects of Great Britain, resident in southern California.

The dead were laid in the National Guard armory, while the injured were hurried to various hospitals in this city and Los Angeles.

EAST GROVE BOOKS NE-  
Assessor John McFadden of East Grove returned his books to County Treasurer Vaughan today.

## BOARD TO MEET.

The regular monthly meeting of the board of directors of the Y. M. C. A. will be held at the association building this evening at 6 o'clock. Supper will precede the business meeting.

## VETERANS OF THE OLD 13TH HERE TOMORROW

SURVIVORS OF THE REGIMENT  
THAT HONORED DIXON  
TO CONVEYE.

## IS ANNUAL RE-UNION

Scattered Remnant of a Great Regiment of Soldiers—Dixon Should Honor Veterans With Flags.

The reunion of the old Thirteenth regiment, which is held annually in Dixon, the scene of the regiment's enlistment, will be held at the G. A. R. hall here tomorrow. While the attendance, of course, will not be as large as it was last year, President C. H. Noble of the reunion association anticipates that many of the veterans will be here.

Usually the reunion is held on the 24th of May, the anniversary of the regiment's leaving Dixon for the front. The day fell on Saturday this year, however, and it was deemed best by the committee on arrangements to postpone the gathering until the 27th.

Accordingly, tomorrow the surviving members of the body will meet here to honor their departed brothers and to renew the friendships that were fostered in the trying times of the great rebellion. The headquarters of the regiment will be at the Nachusa house, where Secretary Havenor will compile his records, but the exercises will be held at the G. A. R. hall, where in the afternoon the annual business meeting will be held and where, in the evening, a banquet and entertainment will be tendered the veterans.

It is suggested, most fittingly, that the homes and stores be decorated with the national colors tomorrow in honor of the few survivors who will meet here.

## MEMORIAL SERVICE WAS WELL ATTENDED

G. A. R., W. R. C. AND LADIES OF  
G. A. R. ATTENDED IN A  
BODY.

The Presbyterian church was filled nearly to its capacity last evening, when a patriotic Memorial service was held. The program, arranged by Prof. A. H. Stoddard, was one of his very best. The soloists for the evening were Frank Kennedy of Sterling and Robert Anderson of Dixon. The quartet sang two anthems and the duet by Mr. Kennedy and Mrs. Lee Read was unusually well rendered. Seventy members of the G. A. R., W. R. C. and the G. A. R. Circle marched to the church in a body and occupied seats reserved for them.

The ladies of the order decorated the church very artistically. Dr. Ralph Crissman's sermon subject "Our American Soldiers."

## UNION TEAM WON FROM DEKALB LADS

STUDENTS OF THE TWO CITIES  
CLASHED ON LOCAL DIAMOND SATURDAY.

## FINAL SCORE OF 9 AND 7

DeKalb Got Three in the First But Dixon Followed With Four and Maintained the Lead—Stars Could Not Play.

The Dixon union high school baseball team started right in their first home game of the season at Athletic park Saturday afternoon, for they took the measure of the DeKalb township high school aggregation by fighting back gamely after DeKalb had taken the lead in the first inning.

The visitors started out especially strong by slipping over three runs in the first before the Dixon lads had time to find out what was going on. But when the locals came to bat in their half of the first Curran started with a three bagger, and successive hits by Duffy and Byers mixed with three passes and a hit batsman netted "us" four runs and the lead. Dixon was never headed after that. The local lads scored two more in the fifth and a like number in the sixth, and cleaned up on their last one in the ninth, while the visitors pushed one over in the fifth, two in the seventh and one in the last inning.

The features of the game were Duffy's three hits in five times to the plate, the base running of Byers and Meade, each of whom had three stolen bases, and the joy of the Dixon fans. The score:

DeKalb . . . 3 0 0 1 0 2 0 1—7 8 3  
Dixon . . . 4 0 0 0 2 0 0 1—9 10 6

The teams lined up in this manner:

## Rain Prevents Game

The rain prevented yesterday's contest between the Freeport Athletics and the Dixon Stars, the grounds and diamond being too wet for play. However, the fans will have their appetites whetted for Friday afternoon's game between the Rockford Maroons and the Cops and undoubtedly a big crowd will attend the fray, provided the day is favorable for pastime.

## For Memorial Day.

Friday afternoon the Stars will meet the fast Rockford Maroons, considered one of the best of the best semi-pro teams in the Forest City. The Maroons will be of special interest to Dixon fans in that Hanna, formerly of this city, is holding down second base for them. The visitors will line up:

Ericson, ss	Tholin, rat

JUSTICE OF THE PEACE WILL  
BOUND HIM OVER TO  
GRAND JURY

Justice of the Peace Geo. W. Hill presided at his maiden case this morning when he held Ezra Duffy, the 17 year old son of Frank Duffy, to the September term of the grand jury on a charge of forgery. The young man, who was taken into custody Saturday night on the complaint of his father, waived examination when arraigned. It is said that the lad forged the name of several Dixon men to small checks recently, and that his father, tired of having to settle the accounts, had him arrested in an effort to teach him a lesson.

## MARINE BAND TAG DAY WAS SUCCESS

RECEIPTS OF THE DAY WERE  
LARGE AND CONCERTS  
ARE ASSURED.

All of the young ladies worked hard during the day and as a result no one escaped purchasing a tag, special mention being due Miss Bernice Freidline and Miss Anna Aschenbrenner, who took in \$25.55 and \$34.44 respectively.

## ALL SHOULD ATTEND MASS MEETING NEXT THURSDAY EVENING

HAVE A HAND IN THE FORMING  
OF YOUNG MEN'S BOOSTER  
CLUB.

## A MOVMENT FOR GREATER DIXON

Members of One Organization Will  
be Members of Both—Officers Will  
be Elected Thursday Evening.

Are you, Mr. Citizen, planning to attend the mass meeting at the city hall at 8 o'clock Thursday evening to take an active part in the organization of a young men's auxiliary to the Dixon Citizens' association? You are invited to be there, every one of you, and are expected to be present.

At the Thursday evening meeting officers for the new branch of the old organization will be elected, and everyone present who signifies his intention of joining the club will have an opportunity to vote for the man of his choice. It is planned to elect young men of Dixon who are interested in the city's growth and prosperity, and it is hoped that when they are elected they will feel the responsibility of the trust and will work with enthusiasm and tireless energy toward a Greater Dixon. There is much they can do and they will find that the job they have undertaken is not child's play.

The organizers plan to have provisions in their by-laws for many committees. A wise move, for they will thereby be able to interest many more men by having them directly responsible and intimately connected with certain branches of the work. They should carefully study the list of young business men in making their committee appointments, and select only those whom they are sure will take a lively interest in their work, and when they find a laggard on the committee, replace him with one who will work. Heretofore, the work of boosting Dixon has been left to a few men, who naturally have been unable to perform many of the duties that come before them, and it is time that some of the others who are receiving the benefits of the work with out taking part in it, should get their shoulders to the wheel.

If you are a wideawake far seeing citizen, your civic pride and common sense, will urge you to join in this movement. Obey the impulse and be on hand on Thursday night. If you know of any one else who might be interested in Dixon's future, bring them along.

## INTERESTING MEETING OF COUNCIL TONIGHT

IMPORTANT MATTERS TO COME  
BEFORE COMMISSIONERS  
TONIGHT.

This evening's meeting of the city council will be of special interest, as the waterworks ordinance will come up for further action, and if some of the commissioners have not thought of some further amendments the measure will doubtless be passed at this session. It is also very probable that a number of business men will attend the council meeting in an effort to secure the commissioners' consent to pay for the "juice" for the new ornamental lights, the fixture for which the merchants will pay for. The Citizens' association asks the merchants and others interested in getting the lights installed to be present in the council chambers to ask the commissioners to include funds for the lighting in the appropriation ordinance.

## AUTO SKIDDED INTO DITCH.

Joe Crawford, the son of Mr. and Mrs. Wilbur Crawford, had a narrow escape from serious injury Saturday night when the big Crawford automobile which he was driving skidded into the ditch at the turn near the Tryon Rosbrook farm on the Grand Detour road, throwing the young man out and badly damaging the machine. Fortunately young Crawford escaped with minor scratches and bruises. The front of the car, however, was wrecked in the accident.

SYLVIA PANKHURST MOBBED IN LONDON

Crowd Infuriated by Red Cross Capped Militants Drive Them From Park.

WOMEN FAINT IN CLASH

Children Are Trampled on in Riot Caused by Suffragettes' Parade—Police Charge Combatants in Free Fight.

London, May 26.—In a riot which resulted from a parade of militant suffragettes many men and women fainted, and little children were trampled upon.

A mob that surged back and forth through Victoria Park, in the East side of London, charged the paraders, wrenched flags out of their hands, almost stripped them of clothing and wrecked the decorations on the platforms erected for the occasions.

Rioting began when trades unionists and Socialists tried to hold a demonstration in the park in behalf of votes for working women. The promoters of the event had erected fifteen platforms and decorated them elaborately with flags.

**Mob Sylvia Pankhurst.**  
A mob stormed a truck on which were Sylvia Pankhurst and other militant suffragettes and dragged it outside the park.

This brought interference by foot and mounted police, who charged the mob again and again. There were innumerable free fights in which the clothing of many women was torn nearly off.

Not only women but men fainted as the police rushed against the mob, trampling children as well as adults. Ambulance corps were kept busy caring for the injured.

**Drive Mob Out of Park.**  
The police dispersed the mob, but when the suffragettes paraded with their colors it formed again and renewed its attack on the women, fighting until driven from the park, but carrying away the suffragettes' flags.

Suffragettes attempted to blow up Wheatley hall, at Doncaster, owned by Sir William Cooke. The place was unoccupied. An unexploded bomb and suffragette literature were found under a staircase.

\$20,000 IN GEMS STOLEN

Burglars Make Rich Haul in a Chicago Residence and Escape.

Chicago, May 26.—After cutting the telephone wires and locking the servants in their quarters to prevent an alarm being given, burglars who gained entrance to the residence of William Yager, vice-president of the Arms Palace Horse Car company, ransacked the house of jewelry and valuables valued at \$20,000.

Circumstances surrounding the robbery lead to the belief that the crime was committed by some one who was acquainted with the location of the rooms and the hiding place of the jewelry. The police are searching for a maid and a butler who left the employ of the Yagers last week.

The street and alley committee under the city government is doing some very commendable work these days on the Johnson and Frist streets. They are putting in six catch basins similar to the ones now on Main street and connecting these to the tile leading to the ditch with twelve inch tile and this should thoroughly drain the street and care for all the surplus overflow water after heavy rains. One basin will be located in front of H. A. Bernardin's store, another just across the street from his store. A third will be put in front of Long's restaurant with another across the street. The other two will be placed at the lower end of the street with one in front of the Farmers Elevator and the other at the corner of Johnson and Frist streets. This will keep the overflow water from cutting the street along the east side of Frist street and also keep the street in a more passable condition in wet seasons.

August Gehant and Peter Snyder drove to town Tuesday.

Lee Center has amassed quite a chesty ball team this year and are playing a stiff game. They feel confident over winning from the local team Sunday but will find a worthy foe in the locals who are determined to make a good record for themselves this season.

West Brooklyn 2, Franklin Grove 1.

The base ball season in this town opened very elaborately on Sunday afternoon because the local team won the game. That was exactly the kind of extra service to make the game look good—to see our side win. There was no mayor pitching the first ball, no band to make a big noise, nor any other sort of outside amusement to attract and to add to the first game of the year. The only attraction was two base ball nines and the spectators. One thing that West Brooklyn can boast of that bothers so much in the larger cities, is that they are not forever pestered with ticket scalpers. Not a single instance was heard of in Sunday's crowd where any one had to pay some scalper for a good seat. Perhaps we have joked enough about the attendance but it will pass for that day as the weather was a little cool for many who might have been present. The boys looked at it in that light and were thankful for the faithful who did respond. It is difficult to run a baseball team on playing alone for the paying end must be cared for and therefore some support is needed. Let us all boost for our ball team this summer and encourage the members of the team to do their best and we will all feel the better off for it. Above all, do not knock.

The game itself was a very interesting one and in fact so much so that the locals were beginning to think about the seventh inning that Franklin Grove was protecting their interests in one score too closely and but little chance was open for West Brooklyn to at least tie it up. Nevertheless in the seventh the Franklin pitcher weakened and allowed two scores to cross the pan and this settled the fray. No more scoring was done and we found the result published 2 to 1 favoring West Brooklyn. Clarence White made his virgin bow as a member of the local team and promises to make good in a hurry. Our prediction is that he will make good from the start and a regular position will soon be made for him in every game. The box score will best illustrate the game and show who did the work on both sides.

IMPORTANT HAPPENINGS AND SOCIAL EVENTS OF BUSY TOWN

Amboy, May 22.—The Rural school commencement program given at the opera house here Wednesday evening was largely attended, and a most enjoyable program given. The hall was beautifully decorated in class colors, being pink and light green and the printed motto, "Ever Onward" was hung across the front of the stage. The Leake orchestra furnished several pieces. Rev. H. H. Appelmann, pastor of the Congregational church gave the address of the evening his subject being the "Epoch of Youth," and his remarks were excellent and greatly enjoyed. The remainder of the program consisted of a cornet solo by Miss Aschenbrenner of Lee Center, accompanied by Miss Mary Berry. This number was beautifully rendered. Miss Anna Miller gave a most excellent reading and responded with an encore. Miss Ruth Walters sang a very pretty solo, with Miss Stella Klein as accompanist and lastly but not the least important, were the presenting of the diplomas by Supt. Miller. His short talk preceding the presentation was much enjoyed. The salutatory address was given by Miss Viola Jones and she gave it very nicely indeed. The invocation and benediction were given by Rev. Appelmann. These rural school commencement programs are getting to be quite an event and each year call forth more enthusiasm and are much better attended. The class this year numbered 22.

## M'CARTY KILLED BY GIANT FIGHTER

Heavyweight Champion Dies Eight Minutes After Blow Over Heart.

### ARTHUR PELKEY IS SLAYER

Victor Arrested on Manslaughter Charge at Ringside in Calgary, Alberta, But Later Released—Minister Praises Boxing.

Calgary, Alberta, May 26.—Within two minutes from the start of the scheduled ten-round fight for the white heavyweight honors, Luther McCarty took the count of ten, knocked out by Arthur Pelkey's terrific drive just below the heart, and eight minutes later died from heart failure, superinduced by the blow.

**Pelkey Released on Bond.** Pelkey was arrested on the charge of manslaughter by the Northwestern mounted police and released a short time afterwards on \$10,000 bail.

The fight was short and bitterly contested. McCarty, outweighed heavily by his giant antagonist, was confident of victory and with the prestige and confidence of a champion entered the battle with a grim determination to end it as quickly as possible.

McCarty suddenly landed a blow in Pelkey's face and then missed. Pelkey clinched with the champion and when they broke away the crowd cheered. McCarty again landed a right on Pelkey's head and Pelkey fainted. McCarty was drawn into the trap and opened his guard.

**Death Blow Landed.** Quick as a tiger the giant Pelkey rushed the champion, landing a terrific right hand blow just below the heart. McCarty did not drop. He stood, reeling about, dazed.

Pelkey was about to strike him again when he saw that McCarty's eyes were closed. He stepped back. McCarty still awoke. The thousands who began cheering Pelkey's rush became silent as they watched McCarty.

Suddenly the champion raised his hands in the attitude of self-defense, but they dropped again, his arms limp. He made a feeble effort to strike a blow and before Pelkey could rush him the champion's body stiffened, his heels clicking together, and his frame becoming rigid. He fell with his head bent forward, his forehead striking the canvas with a glancing blow. As he fell Referee Ed Smith of Chicago began counting. At the count of ten he waved Pelkey away and pronounced him the winner.

**Arena is a Bedlam.** Seconds rushed into the ring and McCarty was lifted to his corner. The arena was a bedlam. Believing it a plain knockout, the spectators threw their hats in the ring and cheered as only a crowd can cheer when a new champion arrives.

Hundreds of them had left the arena when the activity at the ringside attracted those who remained. It appeared too serious for a plain knockout and the ring was rushed by the crowd in an effort to learn the truth. Doctors, hurriedly summoned, were attending McCarty. He had not opened his eyes and failed to respond to restoratives.

**Police Clear the Ring.** The Northwest mounted police were called in to clear the ring of the crowd, which had swarmed over the ropes. The physicians worked over the stricken man for eight minutes, when they pronounced him dead, but continued their efforts to resuscitate him by artificial respiration for more than an hour.

Practically the last words McCarty heard were from a minister, when the pastor of a local church entered the ring and, after saying there was nothing brutal in the preliminaries, asked the great audience to think that they were daily engaged in a similar fight in life. The minister said he did not disapprove of boxing; that he had boxed himself when he was younger.

Burns arena, in which the fatal boxing contest was held was burned to the ground Sunday by a fire of incendiary origin.

**Polish Wrestler's Skull is Cracked in Bout With Le Marin.** Montreal, Que., May 26.—Stanislaus Zbyszko, the Polish wrestler, was seriously injured when, in his bout with Constant Lemarin, both contestants plunged from the ring to the floor of the arena. Zbyszko sustained a fracture of the skull. The referee awarded the bout to the injured man.

While it is thought he will survive his injuries, Zbyszko's condition is causing his friends grave concern.

### THE 100 BUSHEL PER ACRE CROP

Never Grown on a Hungry Soil—Fertile and Worn Soils Defined—Nature's Remedies Best and Most Economical.

Strenuous efforts are put forth in this country to encourage the production of large yields of corn and other farm crops. Commercial associations, manufacturing corporations as well as county, state and national governments are willing to appropriate large sums of money for use in urging farmers to coax the land to give up more of its fertility in the form of grain and live stock. Men are sent out to preach 100 bushel an acre crops and their principal argument is Better Seed Selection, Better Preparation of Seed Bed, Better Cultivation, etc., but many of these evangelists do not understand and present the fundamental facts of a 100 bushel per acre crop.

**Building Foundation First.** Thorough preparation of seed bed, intelligent selection of seed and good cultivation are vitally essential and must be employed, but to grow the 100 bushel crop by these means alone is like trying to build a house by constructing the roof before laying the foundation. The foundation of a 100 bushel per acre crop is a fertile soil—a soil containing sufficient plant food elements to produce such abundant crops—a soil so intelligently drained as that these elements in plant food solution shall not be weakened by over dilution.

Some people forget that a fertile soil is a living, breathing thing, well fed by nature, or by the hand of man with the natural mineral elements and the organic matter necessary for the use of the soil bacteria in the manufacture of plant food, and for a delightful environment in which they can live and work.

**Worn Soil is Hungry.** Some people forget that a worn soil is a hungry soil—a soil whose breathing is difficult because its organic matter is exhausted, and whose natural mineral elements of plant food have been depleted by constant cropping—a soil that does not furnish a suitable home for the manufacturing of bacteria—a soil that constantly pleads through its stunted, scrawny, half-nourished plant growth for material with which to satisfy its hunger, and from which its bacteria may manufacture food for the support of its vegetation. 100 bushel per acre crops are never grown on such soil, and a resort to stimulants in the form of so-called "Complete Fertilizers" only hastens the land ruin.

**Nature's Remedies Best.** Nature's remedies and methods of curing the ills of man, beast or soil are always the best and most economical. So we learn the simple lesson that wherever the necessary mineral elements of plant food are deficient, whether it is because they never were deposited in sufficient quantity by nature or whether they have been exhausted by erosion or repeated cropping, we must not only return them to their natural form, but we must make them available for plant food by supplying the organic matter in abundance. No considerable increase crop yields will be realized until these facts are thoroughly understood and methods involving their application adopted.—H. A. McKeene, Secretary Illinois Farmers' Institute, Springfield, Ill.

## Y. M. C. A. CONVENTION WIDELY REPRESENTED

MEETING AT CINCINNATI HAD DELEGATES FROM ALL OVER THE WORLD.

By E. T. Bailey  
The 38th International Convention of the Y. M. C. A. was one of the most crucial and important conventions ever held in the history of America.

There were 1300 delegates present at the convention coming from all parts of the United States, and Canada, as well as England, Scotland, Ireland, India, China and Japan.

The convention was called to order by Alfred Marlin, chairman of the international committee of the Y. M. C. A., and one of New York's leading citizens.

Following the opening exercises, Ira Landrith of Nashville, Tenn., was made permanent chairman of the convention and the meeting was promptly organized.

From the moment the gavel called the meeting to order, until the hour of adjourning, the convention was one continual interesting debate and helpful inspiration.

The message from Bishop McDowell, Robert E. Speer, John R. Mott, C. H. Ayers, Hon. H. F. B. McFarland, J. Wilbur Messer, and many others will not soon be forgotten by the great number of delegates present at the convention.

The sessions of the convention were held in the great Music Hall, Cin., which accommodated nearly 10,000 people in the seating capacity.

On account of the street car strike which was running at full blast all during the convention, the mayor of the city was unable to give the address of welcome, but the vice-mayor came in his stead and assured the delegates that they were very welcome in the city. And had it not been for the unpleasantness of the lack of street car conditions, the convention would have been a perfect success.

One of the most thrilling sessions of the convention was when the representative of other countries stood before the assembled host beneath the flags of America and England, with the aid of the great pipe organ, piano and orchestra, all sang in their own tongues America and God Save the King.

A comprehensive report was shown by the general secretary of the International committee of the growth of the associations of the United States for the past ten years. Some of the statistics follow:

The influence of women, glorious in the possession of perfect physical health, upon men and upon the civilization of the world could never be measured—but what about the ailing, nervous, depressed woman who is a damper to all joyousness in the house and a drag upon her husband? Every such woman should remember that the one great American remedy for woman's ills is Lydia E. Pinkham's Vegetable Compound and give it a trial at once, and thus put herself in the way of restoring that perfect physical health which is hers by birthright.

ALLIES ACCEPT PEACE TERMS  
Inform Ottomans They Will Ask No Further Concessions.

London, May 26.—The allies informed Osman Nizam Pasha at a joint meeting of the Balkan and Ottoman peace delegates that they had no intention of asking for further modification of the peace terms already put forward. This announcement is regarded as an important step in the direction of peace, as the Ottomans anticipated that if any modifications were suggested it would leave the door open for further demands on the part of the allies.

### FAMILY THEATRE

The management of the Family is to be congratulated on a lucky find in John A. Hoenich, the new pianist and musical director of this theatre. He elevates the vaudeville acts with brilliancy and precision, and interprets with much taste and feeling, besides being an expert in playing for motion pictures, which are interpolated and played the same as any vaudeville acts. The program consists, beginning today, of the Tambo Duo in a novelty act including tamboirine manipulating, a comedy piano monologue and dancing on roller skates. Further, the Kelso Bros. will introduce a clean juggling act which no doubt will please patrons. As a special feature for the last half, Electric & Co., the marvels and conquerors of electricity are engaged. This is an interesting, educational and marvelous act that surely will prove a strong drawing card. Pictures of today are:

The Scimitar of the Prophet,  
Groundless Suspicion, drama,  
The Happy Home, a story of every day interest.

### PANAMA CANAL CUT THROUGH

Last Thread of Earth Joining Two Continents Scooped Out.

Panama, May 26.—When two steam shovels met in Culebra Cut, one working from the west and the other from the east, the Panama canal was cut at grade from ocean to ocean.

Whistles blew and hundreds of workmen ceased work to cheer when the big engines scooped out the last thread of earth that joined the two continents.

There is still excavating to be done in broadening the canal, but less than 8,000,000 cubic yards of earth remain to be removed to bring it to the necessary width. The amount of excavation, however, may be increased by slides.

All curbing shall be set with its road-way face along the established sidewalk lines.

All curbing shall be constructed to grade in accordance with the grades herein established.

The concrete thus prepared shall immediately be placed in the proper molds and forms, well tamped and compact before the cement has time to set. No rettempering of concrete will be permitted.

The exposed surface of the concrete shall be finished with a thin troweled coat, consisting of one part, in bulk, of Portland cement, and one part in bulk, of clean, sharp sand, a finishing coat shall be put in before the body of said curbing becomes dry.

The curbing shall be properly backed for at least four feet back of the curb to a level with the top of the filling with the materials taken from the excavation. Said backfilling shall be thoroughly tamped.

#### LAMSON BROS and COMPANY

Dixon, May 26, 1913.

Wheat: Because of light showers in portions of the southwestern dry district our market was easy early. Buying on dips was good and market recovered loss and closed steady as compared with Saturday. There was a good decrease in visible the total is still above last year's figures, but excess is at milling centers and will not be burdensome. Worlds ships the large went mostly to the continent and Liverpool was higher, as was Berlin. America nshtps made up much of total tending to continue some weeks. Clearances today large on old sales and as the seaboard has good stocks there should be no trouble filling available ocean room. Estimates on Kansas and Okla crops revising downward and there begins to be better confidence in values whenever they are temporarily depressed.

Corn: With unfavorable planting weather and starting movement, it was no surprise to see prices rally today especially for May delivery. May corn shows gain of 1 3-4 while other months are about 3-4 higher and final prices nearly best for day. Local stocks small and May may end with stocks as on Dec 1. Fresh cash demand and receipts small. Receipts for balance of week should increase but will not be large. The basis of the day's top prices for deferred deliveries, country offerings especially from Iowa showed a tendency to increase.

Oats: Altho weather was ideal the oat market closed strong, due to strength in current delivery and the firmness in wheat. A good movement during June is anticipated as farmers are willing sellers on present basis, cash.

Provisions: The lighter run of hogs brought higher prices than anticipated at the yards. This affected price of products which closed with good gains maintained. Some well posted people in provision trade believe run of hogs from now on will be on higher basis. Buying on all weak spots appears good.

Remember also I carry the new Standard Oil Coke, the Finest Fuel in the market. Also Solway Coke

With the HOOVER SUCTION SWEEPER the only effort required, is

With other kinds however, mat-

## WANTS 'SQUARE DEAL'

Amos Pinchot Sends \$500 to  
I. W. W. Leader.

Forwards Letter to Quinlan, Convicted  
Leader, in Interests of Fair Play  
by Courts.

Paterson, N. J., May 26.—Amos Pin-  
chot, brother of Gifford Pinchot, the  
former chief forester of the United  
States and himself one of Col. Theod-  
ore Roosevelt's most intimate associ-  
ates in the Progressive party, has  
sent a letter containing a check for  
\$500 to aid in securing "a square deal"  
before the New Jersey courts to Pat-  
rick Quinlan, the convicted I. W. W.  
leader.

Mr. Pinchot sent the letter to Quin-  
lan and in it he says that he was not  
moved to contribute through sympa-  
thy for the Industrial Workers of the  
World, but through a desire to see  
fair play.

A personal investigation of the  
Quinlan case was made by Mr. Pin-  
chot, according to his letter and this  
investigation made it clear that the  
agitator's rights were not conserved  
at his trials. The jury which brought  
in a verdict of guilty, the latter says,  
disregarded the evidence adduced by  
the defense, through the witnesses  
were apparently persons of credibility,  
and accepted without question the tes-  
timony of policemen who appeared for  
the state.

"Official anarchy," Mr. Pinchot  
termed this method of judging a de-  
fendant, and he severely criticized the  
action of judges who send innocent  
persons to a prison where they are  
herded with criminals in unsanitary  
quarters.

## MAN CRAWLS UNDER ENGINE

Grieving Over Loss of Relatives  
Tries to Take His Life.

Freeport, L. I., May 26.—Grief over  
the death of five relatives, including  
his mother, within a short time, is be-  
lieved to have so wrought upon the  
mind of William Verity, a Bellmore  
(L. I.) farmer, that he crawled be-  
tween a locomotive and its tender as  
a train was standing at the Bellmore  
station. When the train started the  
wheels passed over both his legs,  
crushing them below the knees.

No one knew that Verity was un-  
der the locomotive until his cries  
startled the engineer, who brought  
the train to a halt.

His condition is critical.

## MAKES NEW DASH FOR ARCTIC

Stefansson Leaves New York to Re-  
main Until October, 1916.

New York, May 26.—Vilhjalmar  
Stefansson, discoverer of the blonde  
Eskimo, left last night on the first  
stage of a new dash into the far north,  
his intention being to remain away  
from civilization until October, 1916.

The object of the present expedition  
is to discover the only unexplored por-  
tion of the world—that section of  
the Arctic ocean lying north and north-  
east of Alaska. The expense of the ex-  
pedition will be borne by the Canadian  
government.

Mr. Stefansson will be accompanied  
by a party of scientists, all experts in  
their fields, he says.

## HORSE CRASHES INTO AUTOS

Runaway Animal Jumps Into Tonneau  
and Hurts Three Women.

New York, May 26.—Starting from  
the Pennsylvania station in Seventh  
avenue from a crack of a whip, a  
horse attached to an express wagon  
that swayed from curb to curb raced  
through West Thirty-first street,  
crashing into a taxicab, a sightseeing  
automobile and a touring car in  
Fifth avenue.

A woman and her two daughters in  
the latter machine were injured when  
the animal got his forelegs into the  
tonneau.
